SALES ANALYTICS PROJECT

ABC Sales Excel Dashboard

Executive summary and profitability analysis of FY 2026 performance across products, markets and channels

Built with Excel: data model, pivot tables, slicers and interactive charts

Project Overview

One workbook, three sheets: raw data, pivot tables and an interactive dashboard

Data

2,707 order-level records with 20 fields: date, region, country, channel, customer type, product, units, price, discount, revenue, COGS, gross profit and margin.

Pivot_Table

10 pivot tables on one shared cache calculate every KPI and feed each chart in the dashboard.

Dashboard

6 KPI cards, 5 visuals (line, bar, pie, doughnut, map) and 3 slicers for category, quarter and country.

2,707 Orders recorded	**17** Countries, 4 regions
5 / 20 Categories / products	**4** Sales channels
3 Customer types	**FY 2026** 1 Jan – 30 Dec

Dashboard Design & Interactivity

From raw records to a filterable, one-page view

1. Data

Order-level table with calculated revenue, COGS, gross profit and margin %

2. Pivot tables

Summaries by month, country, channel, region and product category

3. KPIs & charts

Six KPI cards plus line, bar, pie, doughnut and region-map visuals

4. Slicers

Product category, quarter and country filters update all visuals together

Why it matters: a single click on a slicer re-cuts every KPI and chart, so managers can compare categories, quarters and countries without touching a formula.

Headline KPIs

FY 2026 totals as shown on the dashboard KPI cards

TOTAL REVENUE

$645,223

Avg. order value $238

TOTAL PROFIT

$296,384

Gross profit across all orders

PROFIT MARGIN

45.94%

Gross profit ÷ revenue

UNITS SOLD

6,698

Avg. $96 revenue per unit

TOTAL ORDERS

2,707

Avg. 2.5 units per order

COGS

$348,839

54.1% of revenue

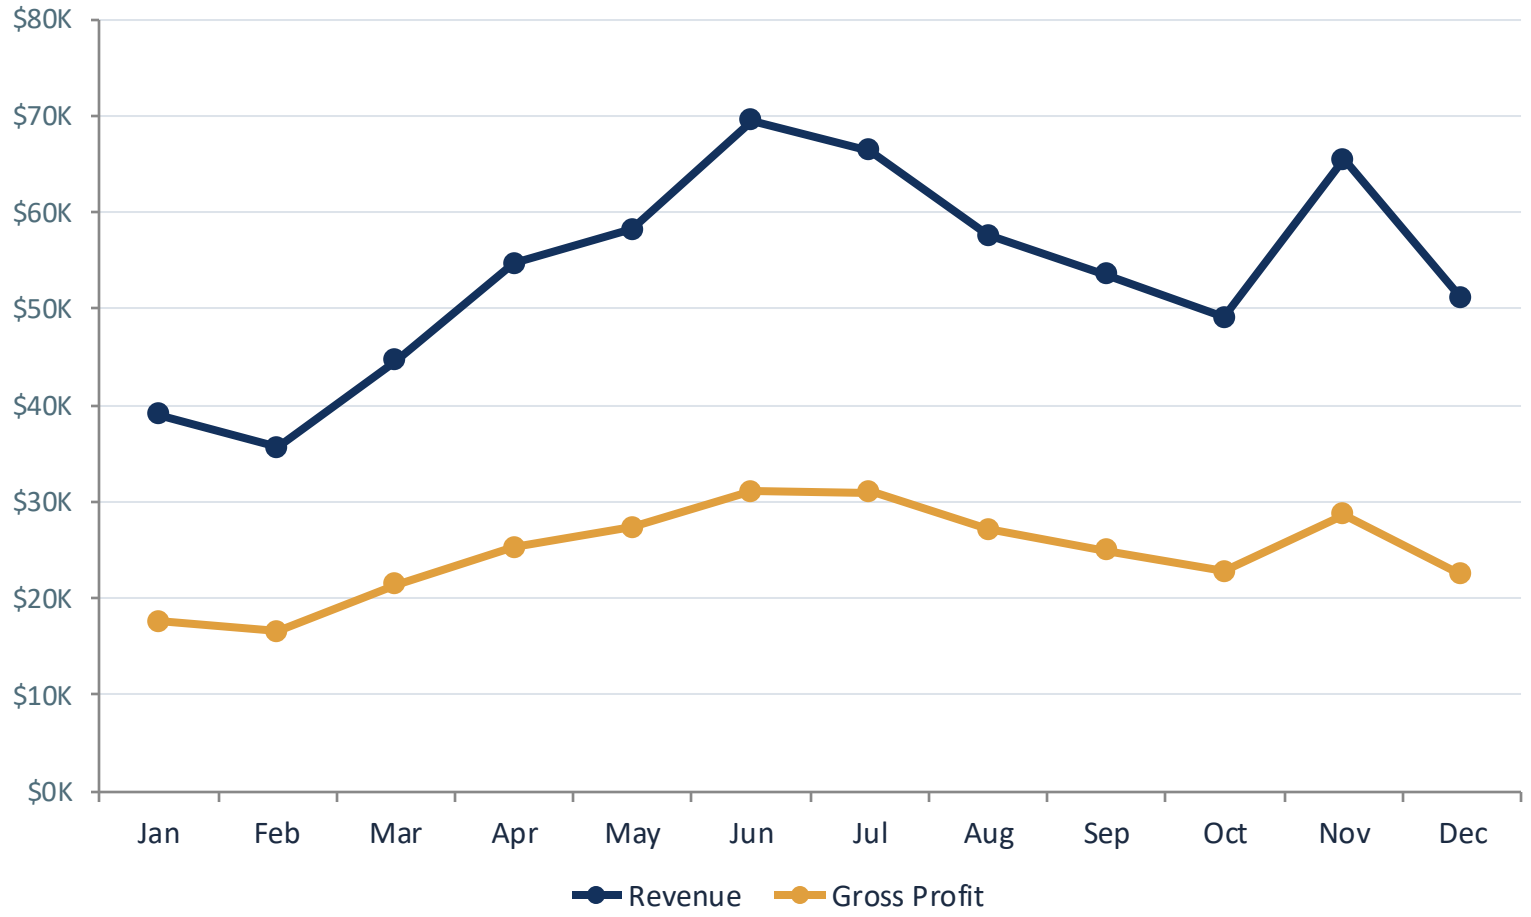

Executive Summary

Five findings from the analysis

1. **Camping + Hiking** drive 59% of revenue, but Camping has the lowest category margin (42.8%).
2. **Online Store** is the top channel with 40% of revenue; Corporate adds 28% from just 263 orders.
3. **UK + Germany** contribute 22% of revenue; Western and Central Europe together deliver 60%.
4. **Q2 peak, Q1 low:** Q2 is the strongest quarter ($182K); Q1 trails at $119K (18.5% of the year).
5. **Discounting** cuts margin from 49.6% at no discount to 38.7% at 20% off; 63% of revenue is discounted.

Monthly Revenue & Profit

Sales ramp up from February and peak in June

Peak: June

$69.5K revenue, $31.1K profit

Low: February

$35.6K revenue, the weakest month

Late rebound

November recovers to $65.5K after a dip in Sep–Oct

Quarterly Performance

Q2 and Q3 carry the year; Q1 is the clear gap

Q2 leads

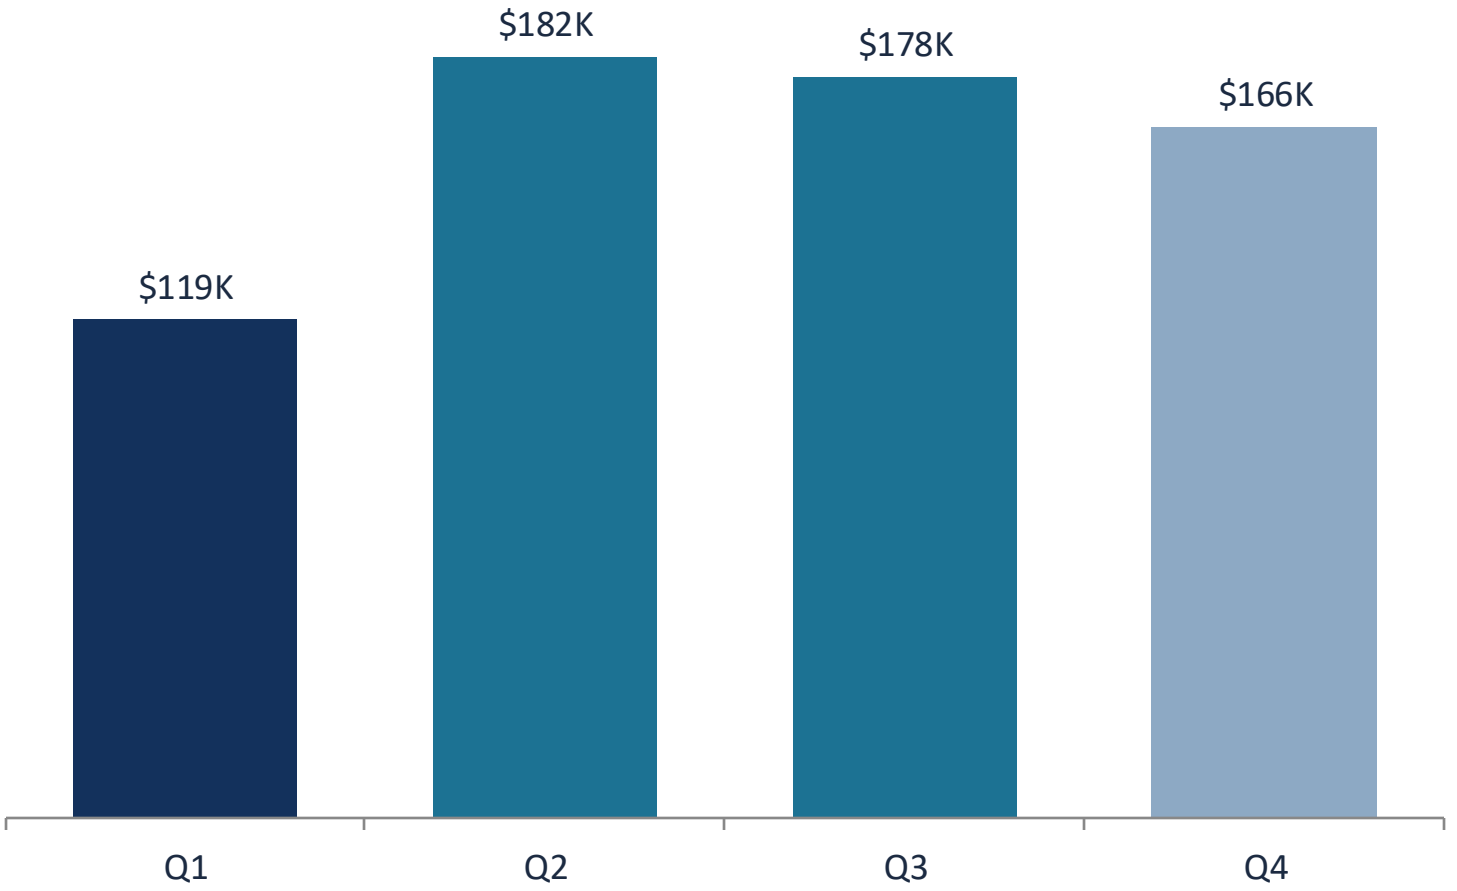

$182K revenue (28.3% share) from 765 orders

Q1 lags

$119K, 35% below Q2 on only 474 orders

Margin holds

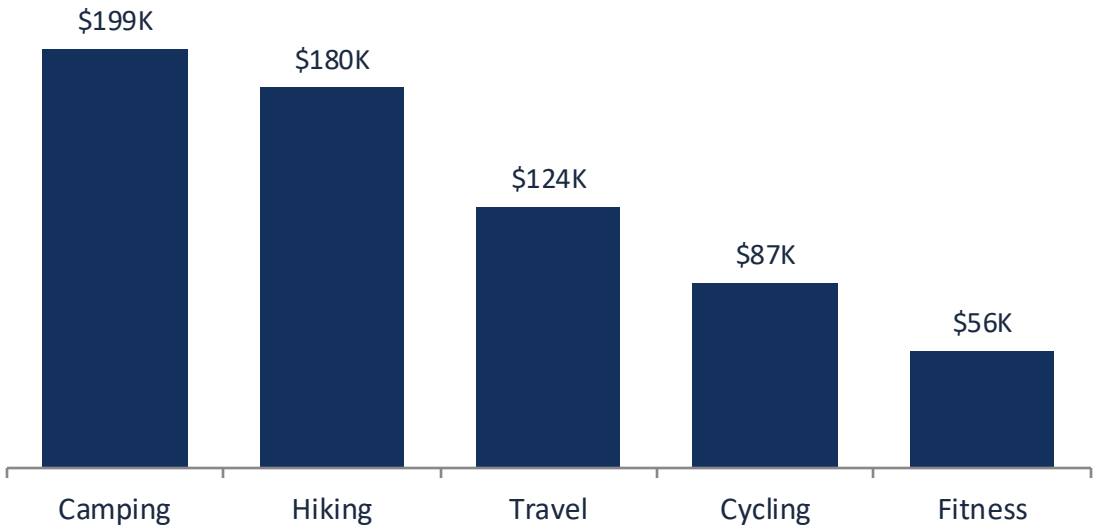

Quarterly margin stays between 44.6% and 46.8%

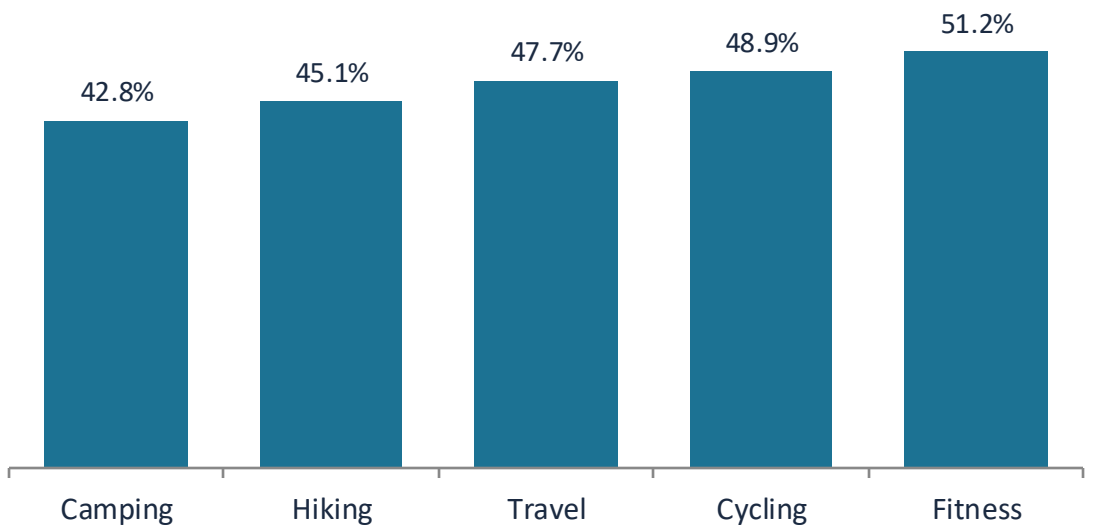

Product Category Performance

Camping sells the most, Fitness earns the most per dollar

Revenue by category

Gross margin by category

Camping: 30.8% of revenue

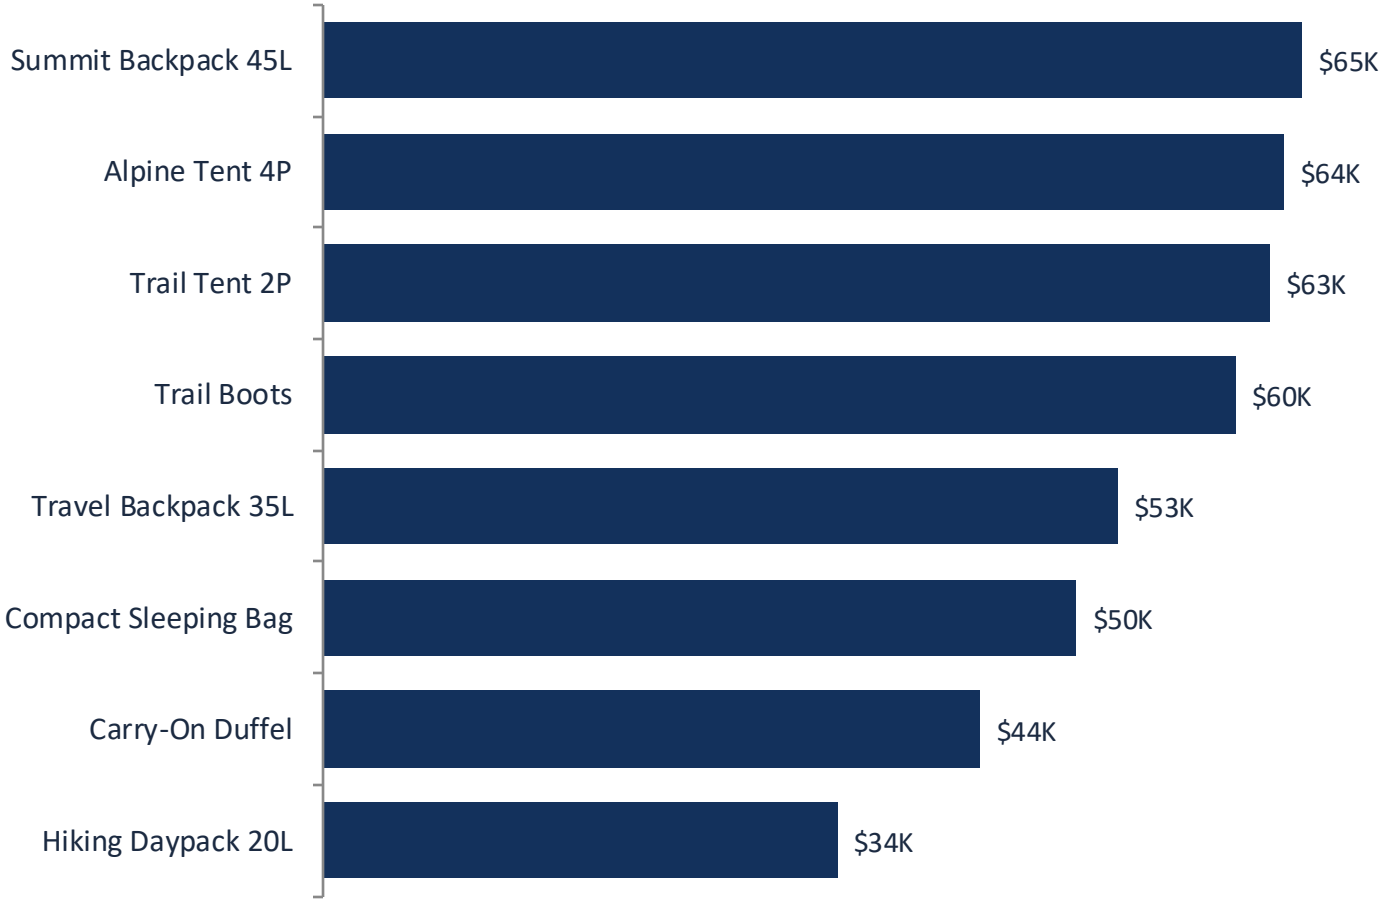

Highest sales, lowest margin at 42.8%

Fitness: 51.2% margin

Best margin but only 8.6% of revenue

Top Products

Eight products generate about two-thirds of revenue; margins vary widely

Margin watch: Alpine Tent 4P

$63.7K revenue but only a 37.1% margin

Best margins

Resistance Band Set 61.1%, Insulated Bottle 60.2%

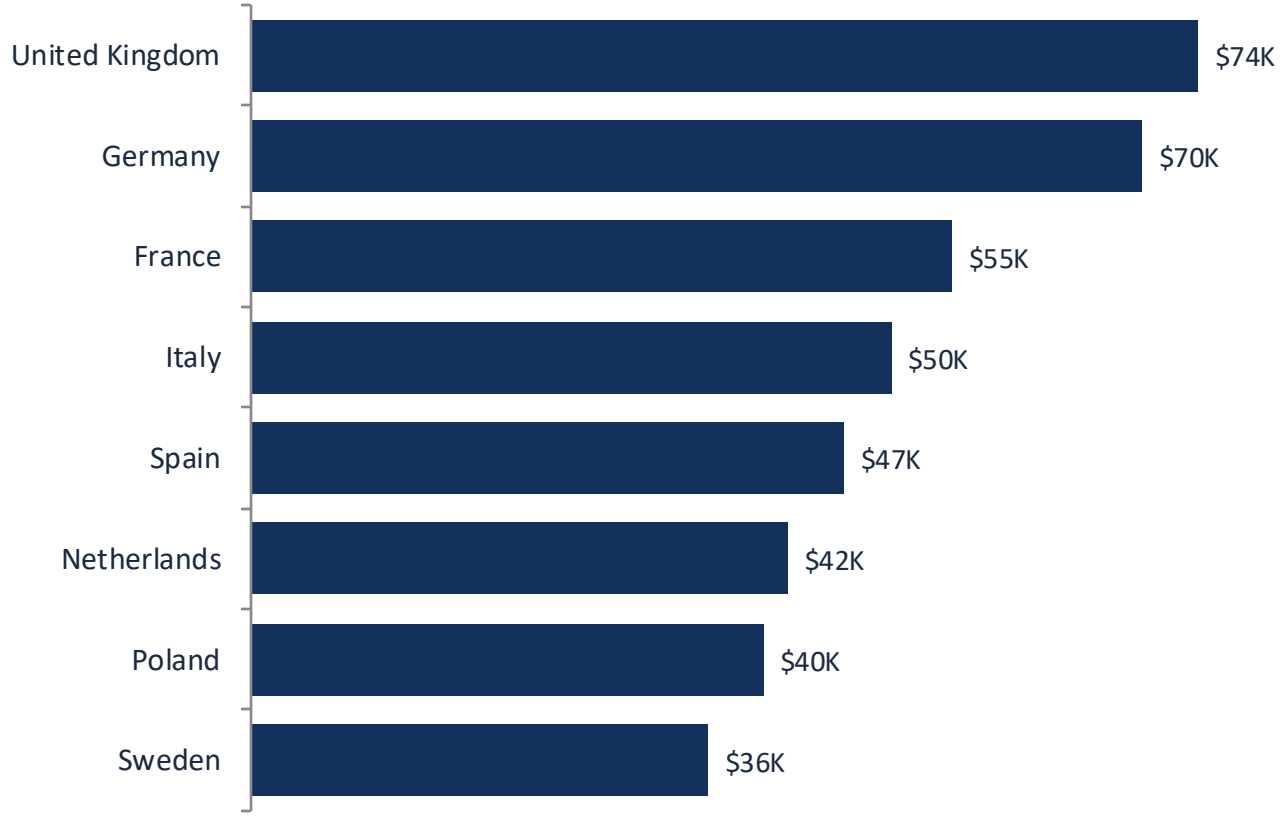

Top 8 share

Together they deliver about 67% of total revenue

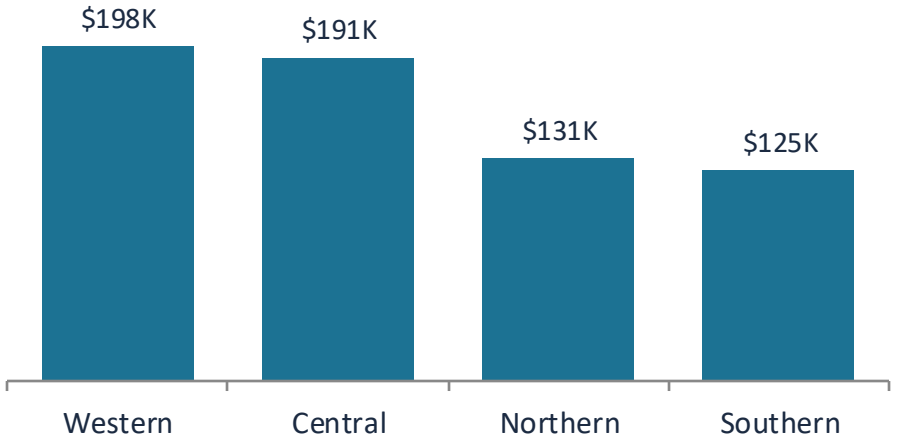

Geographic Performance

The UK and Germany lead; Western and Central Europe dominate

Top 8 countries by revenue

Revenue by region

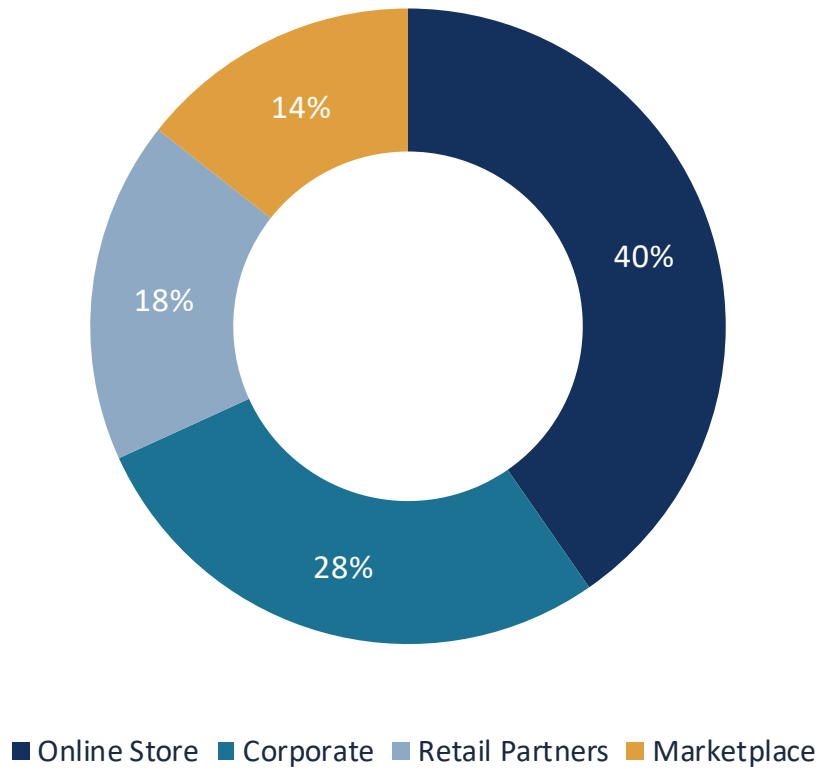

17 markets, a long tail

The top 5 countries hold 46% of revenue. Ireland, Czechia and Finland each stay under 4%.

Sales Channels & Customers

Online Store is the volume engine; Corporate has the biggest baskets

Revenue share by channel

Channel	Revenue	Orders	Avg. order	Margin
Online Store	$260,307	1,322	$197	47.4%
Corporate	$179,634	263	$683	42.1%
Retail Partners	$112,447	606	$186	47.5%
Marketplace	$92,836	516	$180	47.4%

Corporate

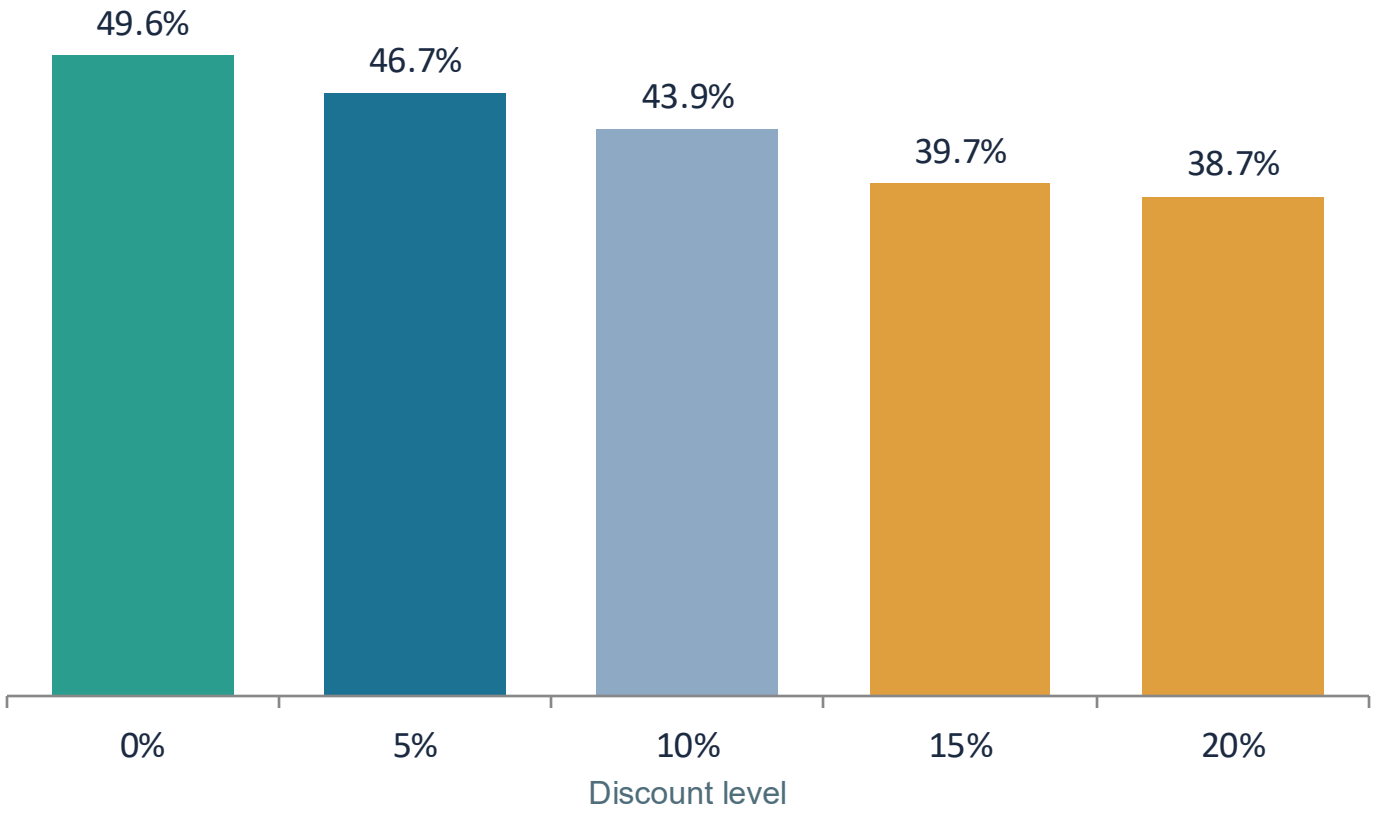

Only 263 orders at $683 each, but the lowest margin (42.1%)

Customers

Returning $226K, New $215K, Business $204K: a balanced base

Discount Impact on Margin

Every step of discount costs margin; 63% of revenue is discounted

10-point margin drop

49.6% at full price falls to 39.7% at 15% off

10% is the sweet spot

$152K revenue at a 43.9% margin: the biggest discounted tier

Full price works

37% of revenue ($239K) sells with no discount at all

Conclusions & Next Steps

Where the dashboard points the business next

Protect margin

Cap discounts at 10% and review Camping pricing, starting with Alpine Tent 4P (37.1%).

Grow high-margin lines

Promote Fitness and Travel accessories, which earn 51–61% margins.

Lift Q1 and Corporate

Run early-year campaigns and review Corporate terms to close the Q1 gap.

Scale proven markets

Invest in the UK, Germany and France; test growth plans for the small markets.

Thank you
